## Course Description

This course is designed to meet Bahasa Indonesia learners at the basic level of generative language use. It is the point at which the learner can interact in a simple way, ask and answer simple questions about themselves, where they live, people they know, and things they have, initiate and respond to simple statements on very familiar topics.

## Course Objectives

By the end of this course, participants should be able to understand and use familiar everyday expressions and basic phrases for daily conversation. Aside from that, participants are expected to have a sense of cross cultural understanding through learning Indonesian culture.
